MONTHLY STATISTICAL REPORT ON ACTIVITIES OF MASSACHUSETTS STATE
INSTITUTIONS PROVIDING INPATIENT CARE FOR MENTAL DISORDERS

Definitions for Tables 6 through 11:

The active census of inpatients is the count of actual bed occupants at the time of the nightly census plus inpatients on absence of 7 days or less.

New additions are admissions to inpatient care among patients without past inpatient care in the specified institutions.

For individual institutions, other additions include (1) admissions to inpatient care with past inpatient care in the specified institution, (2) returns to inpatient care in the institution from visit, family care, placement, and unauthorized leave, and (3) direct movements from inpatient care in other mental institutions. Returns from absence of less than 7 days are not included.

Deaths are confined to those occurring in the institutions.

For individual institutions, other removals include (1) outright discharges from inpatient care, (2) movements from inpatient care in the institution to visit, family care, placement, and unauthorized leave, and (3) direct movements to inpatient care in other mental institutions. Movements to absence of 7 days or less are not included.

In group totals, movements directly between mental institutions are excluded from other additions and other removals.
